Nevada based Genie Gateway announced today that it is introducing <https://geniecashbox.com/8003718730/GenieGatewayBrochure.pdf> a new presentation designed to introduce its interactive multimedia communications hub, featuring a digital buffet of unified solutions; combining the benefits of having a website fully accessible from any internet enabled device, with voice, text, video, document messaging, virtual fax, group communications, including an online store, a shopping cart with a virtual point of sale, and a CashBox integrated with a GenieCard and

GenieChecking accounts, plus the most robust Virtual Office, as one unified solution.

Thomas E. Skala, Genie Gateway CEO said "Genie Gateway is a direct processor and a provider of alternative payment services; we are seeking relationships in which we can provide ecommerce and other business services to the next generation of both high risk and low risk entrepreneurs, starting at Discount Fee as low as 1.95%, for some merchants.

Buyers NO longer need to provide their credit card, or their bank account information, to make a payment. Repeat customers ONLY need their cell number, and "**Click to OK**" their purchase on their cell phone".

Stuart Scamman, CTO of Genie Gateway, expanded. "With your Genie Gateway you get your own Virtual Assistant and 19 valuable features."

"Genie Gateway enables your customer to:

1. Connect to you on your Toll-Free Genie Number, from anywhere in the US and Canada, free of charge
2. Send you GenieVOX Voice SMS (Voice Text Messages)
3. Send emails directly to your Genie Number with one click

6. Send you unlimited Faxes, from any web enabled device, worldwide, free of charge
7. Send you unlimited Open Office, Microsoft Office, and many other types of documents, which are automatically converted to PDF attachments, from any web enabled computer, worldwide free of charge".

Mark Newgreen, Genie Gateway CFO, then went into detail, "Genie Gateway enables your customers to:

2. Alternative Online Payments using Bill Pay (150 Top US Banks), Cash, Checks, Online Banking, Genie Credits, GenieChecking, and Check22.
